VETech – Digital skills for tomorrow's SMEs | 2024-2-HU01-KA210-VET-000295830

QUESTIONNAIRE

<https://forms.gle/DSYtFdFLJBw6nXGSA>

Name of the tool: Digital content creation
Specific tool: Visual content creation with Canva
Level: Beginner

Target group: VET Students

1. **What is Canva suitable for?**
 - a) Developing complex, professional website
 - b) Creating podcasts
 - c) **Creating visual materials, short videos and simple animations**
2. **What is the purpose of Canva's *Group* function?**
 - a) **To link multiple elements so they can be moved and edited together**
 - b) Grouping is not available; it's only in professional graphic programs
 - c) To download content in multiple formats at the same time
3. **What is the purpose of Canva's *Frame* function?**
 - a) **A tool for placing images and graphics into shapes**
 - b) The edge of the document is called the frame
 - c) The background of a text box
4. **What are layers used for in Canva?**
 - a) To change the color and font of text
 - b) **To set the order of elements, determining which is in the foreground or background**
 - c) To adjust the size of the document
5. **Which important feature is available in the free Canva account?**
 - a) Automatic resizing of created content (so you don't have to start from scratch when using a new size)
 - b) **Access to thousands of pre-made templates and customizable graphic elements**
 - c) Background removal for any image

Funded by
the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the Tempus Public Foundation (TPF). Neither the European Union nor the granting authority can be held responsible for them.

6. **How can you set how long animated text appears in a Canva video?**
 - a) The animated text lasts as long as the video; no separate setting is possible
 - b) The duration can be adjusted freely using the *Length* slider in the animation settings**
 - c) Text cannot be animated
7. **How can you fill the entire design area with an image in Canva?**
 - a) The entire design area cannot be filled with an image (there's no room for other content)
 - b) By selecting the *Fill page* option in the Download menu
 - c) By selecting the image and choosing the *Set as background* option**
8. **How can you place an animated icon on a Canva video for a specific duration?**
 - a) You cannot place an icon on a video, neither animated nor static.
 - b) Select the icon from *Elements*, then set its appearance time on the timeline.**
 - c) Canva has a separate icon that opens an editor window where you can set the duration.
9. **How can Canva support VET students in project-based learning?**
 - a) By replacing all theoretical teaching materials
 - b) By enabling students to visually present projects, ideas, and assignments**
 - c) By automatically grading student work
10. **Which Canva feature is most useful for collaboration between VET students and teachers?**
 - a) Offline editing without internet access
 - b) Real-time sharing and co-editing of designs**
 - c) Automatic conversion of designs into exams materials
